ERIKA LEAH HABARADAS

Frontend Developer | UI/UX Designer

Digos City, Philippines | 09949527701 | erikaleahabaradas@gmail.com
GitHub: github.com/erikaleahh

PROFESSIONAL SUMMARY

Fourth-year BS Information Technology student with freelance and outsourced project experience in Figma design, frontend prototyping, and quality assurance. Creates storefront prototypes using HTML, CSS, and JavaScript, with growing skills in React and GSAP. Interested in frontend development, UI/UX design, and e-commerce experiences.

EDUCATION

Bachelor of Science in Information Technology

Cor Jesu College Inc. | Fourth-year student | Expected graduation: 2027

PROJECT EXPERIENCE

Frontend QA & Social Media Research - RSVP | October 2026 - Present

- Contribute to frontend quality assurance, themes, and layouts for a digital invitation platform for weddings and debuts.
- Support research and outreach to recruit testers and gather feedback.

Live project: rsvpa.netlify.app

Frontend Design & Prototyping - Outsourced Projects

- Create Figma designs and HTML, CSS, and JavaScript storefront prototypes for developer handoff and potential Shopify Liquid theme conversion.

SELECTED PROJECTS

Sip Avenue - Coffee Shop E-commerce Prototype

Outsourced storefront prototype for local coffee shops, featuring product browsing, filtering, and a shopping-bag interface. Built with Figma, HTML, CSS, and JavaScript as a foundation for possible Shopify conversion.
